IMAGE SKINCARE VITAL C "HYDRATING ANTI-AGEING SERUM"

Dry, dehydrated, ageing, sensitive or prone to rosacea, sound familiar? Then this daily hydrating anti-ageing serum might just be the boost you need to get your skin back to perfection. A doctor brand, with Image Skincare the results are all that matter, packaging is only to look at, what the product can do, that's important!

By Laura Bermingham

Image Ageless THE MAX Creme

This unique cream uses two different strains of plant stem-cell technology to prevent and reverse signs of ageing and it is packed full of antioxidants. It is especially beneficial to dehydrated, mature and compromised complexions.

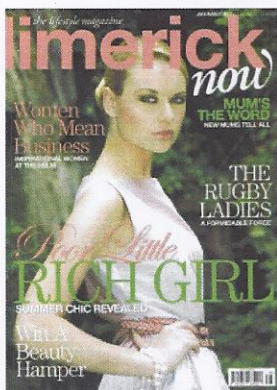

THE MAX Creme

the IMAGE SKINCARE buzz

IRISH TATLER BEAUTY NEWS MODEL FACE

A huge hit in the States, Image Skincare has finally arrived on our shores and is already amassing a celebrity following (Erin O'Connor - with skin that flawless, she can't be wrong). Combining natural and medicated ingredients, the best selling Max Creme incorporates two strains of plant-derived stem cells to prevent and reverse the signs of ageing.

Image Skincare Ageless Max Serum

Image Skincare's 'cosmeceuticals' range approaches skin health through professional, at-home treatments. This Ageless Max Serum is a star product for all types of ageing skin. Packed with neuropeptides and botanical stem cell technology, it is designed to be used morning and night under moisturiser. Expensive yes, but cutting-edge.
